

FAST ENGINEERING AND SERVICES

Over the few years, FAST Engineering & Services has foreseen its customers constantly changing needs and expectations corresponding to the dynamic developments in the region, and ensured that we are always ready when the customer calls. This sets us distinctly apart from the rest.

We serve our clients in the Oil &Gas, Petrochemicals, Water & Power, Marine & Shipbuilding and Construction industry with reliable and efficient services. Thus, our customer has come to depend upon FAST engineering & Services for nearly all their engineering and service needs.

We are driven by our motto 'Fair Accurate Safe and Timely', underlined by our principles of honesty and dedication to our valued Customers to provide genuine quality services and focused on long term and continuous Relationship. Every employee at FAST embodies this motto in true spirit. Whatever you needs, whatever your deadlines, I am sure you will find everything here.

Just as I feel proud to offer these excellent materials and services, I trust you will enjoy the ease and convenience of working with us.

DJLDAR AHMAD

INTRODUCTION

FAST Engineering & Services was established in 2011 to provide Fabrication, Erection and Plant Maintenance services to cater to the needs of upcoming & established industrial units in Pakistan.

At Present, FAST is an integrated engineering service encompasses Engineering, Procurement, Construction and Maintenance works for industrial concerns. We are renowned company in the region for Quality, Safety and On-Time delivery of projects and products.

SERVICES

FAST has comprehensive experience to provide Engineering, Procurement, Construction Management Services at heavy industrial projects as a Mechanical Contractor to Multinational Companies. We have capacity to execute projects from initiate till satisfactory running of plant. Our services include

- Mechanical Design and Analysis
- Steel Structure fabrication and installation
- Plant Piping / Transit Pipeline
- Complex shipbuilding and Marine Structure
- Grit / Sand blasting
- Preservation and painting services
- Insulation &Cladding
- Procurement & Supplies of machinery and material.
- Pressurized vessels / Non pressurized tanks
- Heat Exchanger, Chillers & Cooling Towers
- HVAC System
- Installation and Commissioning of industrial equipment
- Running Maintenance and shutdown
- Construction and Project Management services
- ❖ Associate Civil & Electrical Works
- Human Resource Provision

OUR CORE TEAM

TECHNICAL DIRECTOR

AMMAD AHMAD SHARAF

Lt Cdr (Retd) MSc Naval Architect Experience -20 years Speciality Design, Construction, Quality Assurance of Ships, Submarine, Offshore Structure

PROJECT MANAGER

MUHAMMAD SOHAIL AMIN

Results-oriented Mechanical Engineer with over 5 years of diverse experience in design engineering, production optimization, and project management within the manufacturing industry.

FINANCE MANAGER

FARHAN USMANI

Experience – 15 Years

BUSINESS DEVELOPMENT MANAGER

SAMINA FAISAL

Experience- 15 Years

MANAGER PROPOSAL

ABRAR HUSSAIN

Experience - 5 Years

PRODUCTION MANAGER

IBRAR HUSSAIN

Experience-4Years

HSE MANAGER

KHALIL AHMED

Experience-10 Years

PROCUMENT ENGINEER

MUHAMMAD ASIF

Experience -4 Years

QA/QC ENGINEER

HAMEED AKBAR

Experience -11Years

Our policy is to distinguish as a preferred firm by providing superior qulaity products and services.

To achieve this we:

- Provide each associate with training, tools, required skills and high motivation to produce "Quality Products and Services"
- Deploy experienced supervision and skilled manpower to achieve "ZEROREWORK"
- Satisfy customer through efficient and on time completion of projects to make "FAST" customers preferred choice.

HSE POLICY

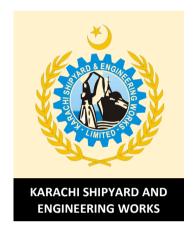

Our team ensures undertaking all the activities to the best of their abilities while ensuring best practices of human health, industrial safeties and minimizing impact to environment.

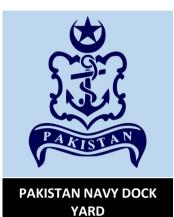

Objectives of the policy shall be achieved at all sites by:

- Identifying and eliminating / controlling hazards and pollution that could cause accident, illness or environment disorder.
- Providing training and resources for employees to maintain HSE system.
- Promoting a positive culture based on improving our HSE performance.
- Complying with all applicable HSE legislations.
- The management and supervisory personnel shall be responsible for implementing and maintaining the HSE system necessary to sustain this policy.

S. NO	SHIP	DESCRIPTION
1	HURMAT	Grit blasting, chipping, cleaning and painting of Main Ballast Tank-1,2 & 4 (Port &stbd) of PNS/M Cutting, Grinding and Welding works on panel PS 8 (Port &stbd) Fabrication of 30 in no. BD system pipes
2	SAAD	Mounting and setting to work of pipes onboard PNS/M SAAD in Auxiliary II Mounting and setting to work of pipes onboard in section D (Top of pressure hull) and section B of PNS/M SAAD Grit Blasting and Painting of Aluminums Casing No. 9 PN/M SAAD Installation of piping network for refrigeration
3	BEHR PAIMA	Steel renewal of foxl deck and quarter deck of SV BEHR PAIMA
4	KHALID	Grinding/flapping work on Main ballast tank no.1,2 and 3 (Port &Stbd)
5	DUMP BRAGE	Steel renewal of split dump Barge Fabrication strengthening of barge/foundation and installation of AFT spud on Dredger Barge BOAT POOL
6	Dredger Barge	Strengthening of barge deck ,foundation and installation of FWD spud on Dredger Barge

7	UNPOWE REDSHIP (Target)	Fabrication and welding work on unpowered ship weight
8	Self- Propelled Dumb Barge	Steel repair /renewal of hull bottom of Self Propelled Dumb Barge (SPDB)-I
9	PN Tug GOGA	Repairs of 01 x Fly Wheel Ring of Stbd Main Engine Installed onboard PNT GOGA, After Successful repairs, fitment Checks / onboard trials
10	KHAIBAR	Painting of 04 in no. services tanks (total capacity 30 ton cleaning & painting of 05 in no. cofferdam/voids space, cable locker (total capacity 57 Ton) and cleaning & painting of tiller flat spaces bilges (total area 191 sq. m) of PNS KHAIBAR
11	DV BEHRKUS HA	Cleaning of fuel oil tank no.1 (port &stbd), fuel oil tank no.2 (port &stbd), fuel oil tank no.3(port &stbd), reserve oil tank (port &stbd) RU oil tank stbd, SSDG service tank, ME service tank (total capacity 299.20 Ton) and cleaning (total area 325 sq. m, material by PN) of DV BEHRKUSHA

KARACHI SHIPYARD AND ENGINEERING WORKS

12	Fabrication And Welding Work Of Pakistan Navy Fleet Tanker Project At Ship Building Department
13	Steel Renewal Work Of Floating Dock IV Pantones, weather deck And Tanks
14	Provision of trained human resource (fabricators, welders, Grinder man, markers and CO₂welders) for fabrication of ship blocks for Pakistan Navy Fleet Tanker Project
15	Construction of Aluminum hull boats, Welding of hull blocks of tugs.
16	Fast Attack Craft Missile (FACM-3)

GATRON INDUSTRIES

17	Installation of Boiler Tubes, Erection of Engine
18	Erection of Engine Chimneys
19	Piping Shut Down Works
20	installation of jacket valves
21	Carbon Steel Piping
22	Stainless Steel piping
23	Compressor, Dryer installation
24	Boiler Erection and associated piping Work
25	Sheds Fabrication & Erection

NOVATEX LIMITED

26	Fabrication, Welding and Coating works on dia 8 inch underground
	4kilometer long gas pipeline
27	Insulation & Cladding work on refrigeration piping

NOVATEX BEOPET LIMITED

28	Pipe Erection of cooling water System
29	Pipe Erection of Soft water system
30	Pipe Erection of Heat Recovery system

ENGRO POLYMER AND CHEMICAL

31	Supply and Installation of Transparent Glass Sheets

MEMA NETWEAR

32 Complete Utility Piping Fabrication and Installation work

COLGATE PALMOLIVE

Food Grade Tubing / Utility Piping Erection

YAMAHA MOTOR COMPANY

34	Installation, setting to work and testing of air, fresh water, firefighting and Natural Gas piping networks
35	Installation, setting to work and testing of boilers, Air compressors and RO plants for Yamaha Motor Company
36	Insulation & Cladding work for Yamaha Motor Company

BAHRIA ICON TOWER

37 Fabrication & Erection of 3 Steel Bridges

SEPCI III

38 Painting & Blasting of Steel Structure

LUCKY ENERGY PVT LTD

Installation of Boiler with all its accessories including Pressure testing, Chemical cleaning, Placement and Installation of Platform, Installation of Piping, Exhaust valve 3 Diverter one Isolation, Instrumentation, Cladding and Insulation, Economizer Repair at Lucky Energy (Pvt) Ltd ,Superhighway Kathore Plant.

SEA EATER PVT LTD (ROYAL OZONE SHIPYARD)

40	850 CBM SPLIT HOPPPER BAREG: Pre-fabrication, assembly, erection, and final welding of the vessel's hull structure in accordance with approved construction drawings, utilizing our skilled workforce, specialized tools, and quality-controlled processes.
41	MULTIPURPOSE PONTOON BARGE: End to end design and fabrication of multipurpose pontoon barge with successful SAT & HAT.
42	AUGER DREDGER: End to end fabrication of Pakistan's first locally developed Auger Dredger with successful SAT & HAT.

ELECTRICAL PROJECTS

1	Installation of water level indicator of FD-II at PN Dockyard
2	Installation of Cable Ladder of PN fleet tanker at Karachi Shipyard

PIPING PROJECTS

3	Pipe network installation in Auxiliary machinery compartment No II, All (Fuel Oil Tanks) and (Main Ballast Tanks) and Section D (Outer Hull)of PN Submarine
4	Installation of HP Air Bottles in different sections of PN Submarine
5	Fabrication, welding and installation of process piping and jacket piping network

PIPING PROJECTS

6	Repair of Cranes canopy of Floating Dock 1 at PN Dockyard
7	Repair of Caisson of Graving Dock at PN Dockyard
8	Reconstruction of mooring boy for Pakistan Navy
9	Reconstruction of mooring boy for Maritime Security Agency
10	Construction of Dumb barge for Pakistan Navy
11	Construction of PN fleet tanker blocks in Karachi Shipyard
12	Design and Construction of 300 ton barge for Inland Water Transport Development Company (IWTDC)

GLIMPLE OF SOME PROJECTS

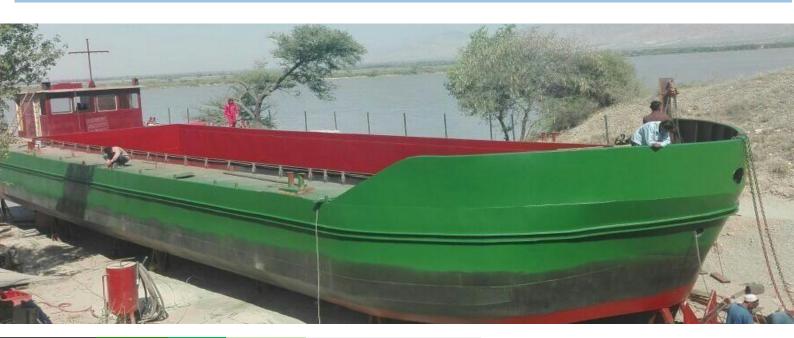

HAATHI - 300T CARGO BARGE AT IWTDC

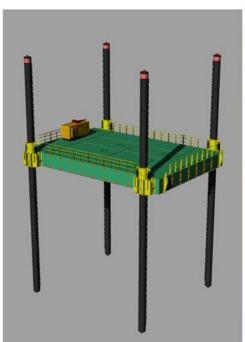

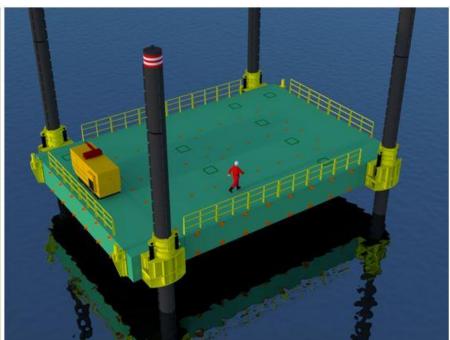

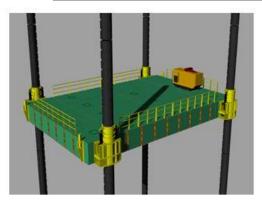

End to end Design and fabrication of 300T Self Propeller Cargo Barge.

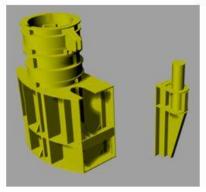

MULTIPURPOSE FLAT TOP PONTOONS AT SEPL

A state-of-the-art pontoon barge equipped with detachable 18-meter spuds. This robust and versatile barge, designed and fabricated to carry loads of up to 300 tons.

Basic parameters:

Length: 31.5 m; Beam: 11.6 m; Depth Mid: 4.75 m

Light Displacement: 150 Tons

Loaded Draught: 1.7 m

Cargo Hold Capacity: 300 Tons

Frame Spacing: 600 mm

Detachable Spuds Spuds Length= 18m

OZONE DREDGE - AUGER DREDGER AT SEPL

Design and fabrication of pakistan's first locally manufactured auger dredger
